# Gentle & Soothing Lotion Hand Soaps

Biodegradable lotion soaps leave the skin clean and fresh with a pleasant fragrance. They contain emollients that replace natural oils to condition the skin.

## WhiskLotion 100 - Pink Lotion Soap

A pink, pearlized lotion soap developed for general use. Cleans hands and face and rinses off easily, leaving a pleasant fragrance. Recommended for institutional and light industrial applications.

## WhiskLotion 105 - Yellow Lotion Soap

Our Most Popular Lotion Soap!  
A heavy-duty, yet gentle, yellow lotion soap. It is formulated for both office and industrial environments where powerful cleaning and moisturizing capabilities are desired.

## WhiskLotion 115 - White Lotion Soap

A white, pearlized soap with a heavy body recommended for applications where economy is a primary concern. For use in offices, schools and institutions.

## WhiskLotion 120 - All-Purpose Lotion Soap \*

An economical, all-purpose soap with a light purple color and fresh, fruity fragrance. A lighter viscosity soap that can be used in all dispensers and centralized systems.

# Premium Lotion Soap - FOR SHOWERING & SHAMPOOING

A lotion soap for use in the shower must be the gentlest of all skin cleansers. This body soap must have ample lotion to leave the skin supple, emollients to maintain skin moisture, and a botanical oil to leave the hair soft with a nice sheen. WhiskLotion 175 does all of this and more.

## WhiskLotion 175 - Hair and Body Lotion Soap

A rose tinted premium soap with a faint floral fragrance. Use it at the sink to clean hands or in the shower, to clean the scalp and wash the complete body. Produces a high lather and completely rinses off, leaving the skin soft and the body clean and fresh.

# Foaming Lotion Soaps - A SMALL QUANTITY DELIVERS A MOUNTAIN OF FOAM

A luxurious mound of foam provides economical cleansing of the hands and/or entire body. A small quantity of concentrated cleanser expands to as much as ten times its original volume and reduces usage up to 50% compared to conventional liquid soaps. Like all our WhiskLotion soaps, our foaming lotion soaps contain emollients that replace natural oils to condition the skin, leaving your hands clean and fresh with a pleasant fragrance.

## WhiskLotion 150 - Blue Foam Lotion Soap

A gentle, yet very effective cleanser with a transparent blue color. It is formulated for both office and

industrial environments where powerful cleaning and moisturizing capabilities are desired.

## WhiskLotion 177 - Premium Foaming Shower Soap \*

Biodegradable and leaves the skin clean and fresh with a mild floral fragrance. A high quality hair and body cleanser with great lather, conditioning and rinsing.

## WhiskLotion 157 - Pink Foam Lotion Soap \*

Biodegradable, it leaves the skin clean and fresh with a mild fruity fragrance. Wherever a high quality lotion cleanser is needed, this liquid cleanser provides mild yet effective cleansing.

# WhiskCare - PRODUCTS THAT REDUCE GERMS

WhiskCare cleansers are designed to help eliminate commonly encountered germs on the hands. Each cleanser has been formulated to kill the bacteria found in various environments, while still cleansing the hands. All WhiskCare cleansers are formulated to ensure that hands are left clean and soft after each washing.

## WhiskCare 355 Cleanser/Sanitizer E-2

Ideal for food handling institutions, kitchens, restaurants, catering services and facilities that process meat, eggs and seafood. It complies with current FDA requirements and meets the former USDA E-2 rating.

## WhiskCare 362 Antibacterial Skin Cleanser

This liquid, detergent based hand cleaner combines mild but effective cleaning with outstanding broad spectrum antibacterial properties provided by 0.75% PCMX.

## WhiskCare 365 Premium Antibacterial Hand Soap

Use when reduction of germs is a necessity, and frequent hand washing is critical. This mild, effective, white hand soap provides cleansing and

antibacterial properties ideal for medical and other institutions where added performance is desired.

## LIQUID HAND SANITIZERS

### WhiskCare 375 Instant Hand Sanitizer with Alcohol

A clear gel sanitizer that kills 99.9% of the most common germs

that cause everyday illnesses. This mild, yet effective, alcohol gel contains ingredients to prevent the skin from drying out. Pleasant fragrance enhances the experience and masks alcohol scent to promote more frequent usage. Meets OSHA, CDC and APIC guidelines.

### WhiskCare 371 Instant Hand Sanitizing Spray

Ethyl Alcohol based formulation is highly effective and easily spreads across the skin. Ideal for

medical and food processing facilities and for portable sanitation. Meets former USDA E-3 rating for hand sanitizers.

# WhiskCare - FOAMING PRODUCTS THAT REDUCE GERMS

Foaming products that deliver germ reducing ingredients to the hands. A small quantity of these products produces a mound of foam.

## WhiskCare 357 Foaming E-2 Sanitizing Hand Soap

Nonfood Compounds  
Program Listed

Ideal for the meat and poultry industries, restaurant personnel and other industries involved with the handling of food.

It complies with current FDA requirements and meets the former USDA E-2 rating.

## WhiskCare 367 Foaming Antibacterial Hand Soap with PCMX

A premium foaming antibacterial soap with broad spectrum antibacterial properties ideal for medical or other

institutions where added performance is desired.

## WhiskCare 387 Foaming Antibacterial Hand Soap with Benzalkonium Chloride

A foaming antibacterial product for everyday use. Ideal for restaurants, schools, offices, and other institutions with high

public interaction. A pleasant fragrance enhances the experience.

## FOAMING HAND SANITIZERS

Nonfood Compounds  
Program Listed

## WhiskCare 373 Foaming Alcohol Instant Hand Sanitizer

Ethyl Alcohol based formulation is highly effective - kills 99.9% of common germs.

Meets CDC requirements making it ideal for use in medical environments. It also meets the former USDA E-3 rating for food processing applications.

## WhiskCare 377 Foaming Instant Hand Sanitizer - ALCOHOL FREE

Formulated using benzalkonium chloride, an effective antimicrobial agent against

a large number of germs. Alcohol-free formulation is gentle to skin, non-flammable, and eliminates common floor care issues found with alcohol-based sanitizers.

# Waterless Hand Cleaners

Whisk Hand Cleaners loosen and dissolve tenacious soils. Formulated with only the safest additives available to remove oil, grease, paints, glue, sealants, tar, asphalt, and other tacky materials. Product easily flows into cracks and under fingernails to loosen dirt so that it can then be easily wiped away.

## Whisk Hand Cleaner 200 White Waterless/Water Soluble Hand Cleaner Our Most Popular Hand Cleaner!

A heavy-duty, white, paste hand cleaner that can be used with or without water. It is ideal for use in manufacturing plants, printing plants and in the field. Can be used with water in wash rooms. It can also be used at an employee's workbench, and simply wiped off with a towel, without water.

## Whisk Hand Cleaner 210 Yellow Waterless Hand Cleaner

Our heaviest duty, waterless hand cleaner! For use by roofers, asphalt laying companies, car paint shops, engine rebuilding shops, transmission shops, lube shops, gas stations, printing shops, or any application requiring extra solvency. This is a true waterless hand cleaner that dissolves soil for easy removal with a cloth or paper towel. Contains emollients to keep the skin soft and supple.

## Whisk Hand Cleaner 220 and 221 Cherry Waterless/Water Soluble Hand Cleaner

Whisk Hand Cleaner 220 and 221 are cherry fragrancd paste hand cleaners. The mild cherry fragrance along with the emollients make them a favorite among mechanics! Additionally, the formulas offer exceptional heat and cold stability ideal for use in field work. Pumice is added to the Whisk Hand Cleaner 221 for enhanced cleaning capability.

# WhiskGuard - PROTECTIVE SKIN CARE PRODUCTS

Many jobs require that a worker's hands come in frequent contact with a variety of chemicals, some harmful or irritating to the skin. For those with exposure to these environments, Whisk offers the following products to restore the skin to its original condition.

## WhiskGuard 510 Glove Cote Pre-Work Skin Lotion (Water Resistant)

Designed to reduce the drying effect on the skin from coolants and synthetic lubricants such as those found in machine or stamping shops. Water based chemicals can attack the skin, leaving it susceptible to chafing and more serious forms of dermatitis. WhiskGuard 510 contains lanolin to aid the skin in returning to its natural condition.

## WhiskGuard 525 MAN-O Pre-Work Skin Cream (Solvent Resistant)

Helps the skin's natural barrier to deter coolants, cooling and cutting compounds, fiberglass, solvents, dyes, paints, epoxy, adhesives, and many other materials. Since this skin cream also actively repels dirt, grease, grime, paint, inks, and stains, removing these materials after work is much easier. The user no longer has to scrub the skin with harsh abrasives on what could already be sensitive and raw skin.

## WhiskGuard 550 Moisturizing Lotion

Designed to be used whenever skin becomes rough, cracked, or dried out from exposure to chemicals, work or weather conditions. It is specially formulated to assist the skin in returning to its original condition. It is silicone free. Contains aloe vera, lanolin and other emollients to restore skin to its original condition.

# Whisk-Its - HANDY PRE-SOAKED TOWELS

Pre-soaked towels for removing tough soils quickly and conveniently. They are packaged in a canister that allows removal of one towel at a time. The lid automatically snaps shut after a towel is removed, keeping the remainder fresh and moist. This handy canister makes it ideal at the work bench, the office desk, in a utility truck or anywhere a need exists for a cleaning towel.

## Whisk-Its 850 Towels, Pre-Soaked in d-Limonene

Strong, reinforced disposable towels that are pre-soaked in a safe, biodegradable orange d-Limonene solution for cleaning all types of soil quickly. Use it to clean the hands, equipment, furniture, and personal belongings. Whisk-Its remove grease, oil, tar, ink, sealant, insulating foam and other contaminants.

Whisk-Its 850 Towels, Pre-Soaked in d-Limonene	Package Description	No/ Case
WI-850-6	75 Towels per Canister	6

# WhiskPower - HEAVY DUTY SOAPS WITH PUMICE

WhiskPower soaps are designed to remove even the most stubborn dirt and grease from the hands. These three heavy duty cleansers use pumice to help loosen grit and grime from the skin. Pumice is derived from the lava left after volcanic eruptions, and when crushed and pulverized into fine particles, it becomes an ideal economical additive for heavy duty cleaning soaps.

## WhiskPower 240 Red Hand Soap with Pumice

A hand cleaner formulated for extra strong cleaning of the dirtiest hands. Gently dissolves the dirt while the pumice attacks the soils under the fingernails and in the cracks of the skin. It emulsifies the dirt and holds it in suspension for rinsing and leaves the hands with a clean cherry fragrance.

## WhiskPower 250 Green Lotion Soap with Pumice

Green lotion soap fortified with pumice for additional scrubbing power. It is formulated for industrial environments where powerful cleaning and moisturizing capabilities are desired, such as assembly plants and machine shops. It is biodegradable, rinses with water and leaves a clean fragrance to the hands when finished.

## WhiskPower 265 Orange Hand Soap with Pumice

A citrus type cleanser with one of the heaviest duty formulations strengthened with pumice, to remove embedded grime. Grease loving surfactants lift the dirt, allowing it to be rinsed away, leaving the hands clean with a fresh citrus fragrance.

# WhiskPower - HEAVY DUTY SOAPS WITH SCRUBBERS OR WALNUT SHELLS

These WhiskPower cleansers use either natural scrubbers or walnut shells to remove the toughest soils from the hands. Designed for strength of cleaning power and mildness to the skin, they are recommended to remove grease, oil, ink, carbon, silicone, tar and many other hard to remove soils. WhiskPower hand cleansers are heavy duty cleaners that really work!

## WhiskPower 270 Blue Hand Soap with Natural Scrubbers

Our most popular grit type soap!

A unique and powerful hand soap that gets its strength from a special blend of natural scrubbers and surfactants. These scrubbers provide a rolling feel which is less abrasive than pumice and other scrubbers. While being gentler, it is very effective at picking up soils in the cracks and crevices of the hands. When rinsed, the hands are left clean, soft and with a pleasant lemon fragrance.

## WhiskPower 280 Hand Cleansing Cream with Walnut Shells

Use WhiskPower 280 whenever frequent handwashing and deep cleaning is critical. One of the most unique, heavy duty hand soaps available, this product is mild to the hands, but strong enough to remove the toughest soils. Walnut shells provide extra cleaning power to remove embedded dirt. It is fortified with emollients to maintain skin moisture and keep hands soft and supple.

## WhiskPower 290 Soy Hand Soap with Walnut Shells

Our Heaviest Duty Grit Based Soap!

100% biodegradable, the unique, soy derived ingredients easily dissolve and emulsify the most stubborn dirt, while the walnut shells give a light scrubbing action for that deep down cleaning. This formula is very mild to the hands, yet is strong enough to remove grease, oil, ink, carbon, tar, silicone, and many other hard to remove soils while leaving the hands clean and the environment safe.

# CleanShot Dispensers

## Dispensers for Bagged Products

Attractive and compact, these dispensers are ideal for commercial installations. ADA compliant. Sanitary, collapsible 1000mL bags are easily inserted and removed from the CleanShot dispenser. # The Kwik-Klick Line of Dispensers

## DISPENSERS FOR CARTRIDGE CONTAINERS

Disposable cartridges are easily inserted and removed from the Kwik-Klick dispenser. Any of the dispensers are capable of dispensing all Whisk liquid and foam products through the same dispenser. (NOTE: P-400 4-Liter Dispenser is for liquids only.)

Numerous dispenser options provide the ability to satisfy preferences for capacity, visual indication, security, and automation.

**P-400-M**  
A 4 Liter, (4000 mL) dispenser. A larger size for the heavier use areas.

**P-175-K**  
A 1.75 Liter dispenser with crisp clean lines for medium use areas.

**P-175-K-C-B**  
A 1.75 Liter covered dispenser with a key lock. Recommended for use in public areas. Lock can be bypassed for installations not requiring the added security.

### Easy Loading of Kwik-Klick Cartridge into Dispenser

**Step #1**  
Remove cartridge from shipping box and firmly grasp the recesses on each side of the bottle.

**Step #2**  
Insert cartridge at an angle with the protrusion at the top of the cartridge placed under the lip of the dispenser. The nozzle will fall into the dispensing mechanism.

**Step #3**  
Push the upper portion of the cartridge back against the dispenser and it will click into a holding position.

# Waterless /Water Soluble Hand Cleaner Dispensers

**P-450** Pump Dispenser for the 4.5 lb. canister

**MPD-2** Pump Wall Mount or free standing table top dispenser for the 32 oz. canister

## Bag-in-Box Dispensers

These dispensers are available in either black or white. They are capable of handling pouches fitted with generic tube pumps. They will dispense Lotion Soaps, Antibacterial Hand Soaps and Instant Hand Sanitizers.

800 mL Bag in a Box

800 mL Boxless Bag w/Tube

P-800-B

P-800-W

## Other Dispensers

Besides the dispensers shown on the previous pages, Whisk offers a number of additional dispensers for various other user requirements.

**P-500-F** Wall Mount Bracket to hold the 500 mL Foaming Soap Bottle

**P-128-FT** for all Flat Top Bottles. Constructed of Stainless Steel. Safe for Lotion Soap as well as Grit Type Soaps.

**Tri-Sided Bradley Sink Adapter** for P-175-K & P-400 Series Dispensers, Non-vented Sinks Only.

**P-128-SN-P** Pump to fit the SN (Short Neck) bottles.

**P-500** Fill type dispenser. For Liquid Soaps Only.

**P-1000-C-F-Refill** Refillable bottle for Manual, Foam CleanShot dispensers only.

# Dispenser Cross Reference Sheet

Most Whisk products can be used with more than one type of dispenser. To eliminate duplication we have used XXX's to represent all hand-soaps supplied in a particular classification. WL-XXX-FT, designates all Flat Top containers used in ALL of the WhiskLotion classification.

	Pump for free standing bottles	Dispensers that can only fit a specified bottle, canister, bag or pouch										Fill Type	Specialty Dispensers

6. Not shown. B-128-B Wire Basket.

Refer to pages 11, 12 and 13 for complete dispenser descriptions.

# Whisk Application Chart

Use this chart as a handy guide to help in choosing the proper product for a particular application. Since there is an overlap in many cases, the user must determine which features are most important to their application.
